**RON WHALEY OF OSG BILLING SERVICES RE-ELECTED TO THE RURAL CELLULAR ASSOCIATION'S (RCA) BOARD OF DIRECTORS
~WHALEY ALSO NAMED "ASSOCIATE MEMBER OF THE YEAR"~**

ENGLEWOOD, NJ – MAY 12, 2008 – OSG Billing Services, a leading bill presentment and distribution provider serving the telecom industry, today announced that Ron Whaley, vice president of sales and marketing, has been re-elected as associate member committee chair to the board of directors for the RCA. The original announcement was made on April 28, 2008 at the RCA Annual Convention in Las Vegas, NV.

In addition, Whaley has been named the 2008 RCA Associate Member of the Year. This award goes to an associate member who has made outstanding contributions that significantly benefit the industry, in general, and the RCA specifically.

With over ten years of experience at OSG Billing Services, Whaley's extensive knowledge of bill presentment and distribution has complimented the telecommunications business by enabling providers to meet and exceed their corporate goals. Whaley's responsibilities include overseeing all sales and marketing initiatives that help maintain OSG Billing Services as an industry leader.

"Mr. Whaley has provided leadership on the board of directors and helped position RCA positively with other associations," stated Johnie Johnson, vice president of the RCA. "His commitment and countless hours for voluntarily overseeing the association's assets have significantly benefited the RCA."

"It has been an honor to serve as part of the RCA backbone over the past year. Contributing to such a successful organization has truly been a rewarding experience for me," says Whaley. "I look forward to further developing programs that will assist RCA in promoting its mission of advancing the rural wireless provider, increasing membership and adding value for associate members."

About RCA

RCA is the premier association representing rural wireless telecommunications providers across the United States. RCA speaks with a strong, united voice on issues that concern its members and keeps them informed through timely sharing of information, knowledge and expertise to the common benefit of all members.

RCA has been at the heart of the rural wireless success story since it began in 1992. Our primary focus is representing two-way wireless communication providers with less than 500,000 subscribers. These companies primarily serve small rural markets each with its own set of challenges and opportunities. RCA's primary goal is to help our members meet those challenges successfully and capitalize on all opportunities. In addition, RCA provides opportunities to learn more about the industry and network with other members through various meetings and seminars.
